WEEKLY JOURNAL REPORT

Last Name: Alvior	First Name: Dionisio	Middle Name: DR	Section: BSIS 4-2	Week 8
Host Company: Richwell Colleges Inc		Department:	No of Hours: 48	Schedule: 8:00AM -5:00PM
Learning Goals for the Week: (Summary Tasks / Activities) System Enhancing, bug hunting, security audit				
Day 1 Tasks: Software development - April 27 Error Pages I created Pages for edge cases or error like 500 Error (internal Server Error), 404 (cant found), 405 (no access, wrong roles)				
Day 2 Tasks: Software Development - April 28 Transition to UseFetch and tanstack query the api caller before was using api which kinda hinder the caching, but even we use tanstack query is aios pa rin ginagamit				
Day 3 Tasks: Manual Testing- April 29 Manual Testing since api are changed				
Day 4 Tasks: Software Development - April 30 bug hunting found a bug that when a registrar release a cor for irregular students is mali yung output pdf i found that some api calls are not being audited in the audit trails				
Day 5 Tasks: Software Development - May 1 Fixed the bugs found in April 28				
Day 6 Tasks: Software Development - May 2 i found that some inputs such as name field address field doesnt filter values which is a risk for xss fixed and tested the issue within the same day
